Subject: RE: Happy New Year and Update on Availability

Hi Ravi...

Good to hear from you. A rather impressive website that pulls everything together and presents well. Our E1 migration continues, albeit on a reduced schedule. However, much remains to be done. I believe your contact here was with Carl MacKenzie and I suggest you keep that channel open. I too will keep you in mind. Your knowledge and experience in JDE is apparent and your contribution last year was much appreciated.

Best regards.
