To Whom it May Concern!

Ravi Adhiyappan worked at Trillium Health Care Products Inc- Canada as a JD Edwards application consultant from January to October 2006 representing Team Cain.

The project involved setting up a new division, migrating consolidations from Excel, creating a new chart of accounts, report writing, training and providing production support.

During his tenure at Trillium Ravi demonstrated very good presentation and communication skills and was very thorough with his documentation. Being a CMA, the business perspective that Ravi brings along with the in depth understanding of JD Edwards was very valuable to the project.

Overall, I consider him to be an excellent consultant with well-rounded experience. I would not hesitate to recommend Ravi to other companies considering the implementation of JD Edwards or process re-engineering within their organization.

Yours truly,

Stephen Mick
Corporate Controller
Trillium Health Care Products Inc- Canada
