### Your comments, please:

How would you compare this training to other JD Edwards training you've taken?

It's always better to have training here and not have to travel! Also we just have our own employees so we can dominate the conversation with our issues.

What did we do right?

Ravi has great experience and knows F/A well

What could be improved?

- we just need to be better prepared on our end with laptop problems. Not in control of the instructor.

Comments on the Workshop Manuals:

I liked that the exercises were right in the section being covered and not at the end.

Comments on the Instructors:

we would recommend him to others.
